Mini-Europe

The most beautiful miniature park of Europe, will give a European dimension to your event. The park is located right next to the Atomium, a world renowned monument. Mini-Europe houses monuments which have been reproduced to the smallest details at scale 1/25. Even at that scale, the monuments are mesmerizing. The Eiffel Tower, for example, at a height of 13m, is taller than a 3 stories high building! In this unique environment with an easy access and parking spaces, we can assure a 100% exclusivity in the 3 different rooms with view on the park. In the evening, after the opening hours, you can even enjoy a private evening stroll around the park.

We can welcome up to 700 people in the different rooms. If you wish to plan an even bigger event, we can provide additional tents.

At sunset, the park gets illuminated by a thousand lights and we also offer the possibility to plan exclusive fireworks.

Mini-Europe plans cocktail parties, corporate events, family-days, seminars, product presentations, and so on.

Why plan your event at Mini-Europe?

- **Europe:** very current and eventful topic. Linking your message to this label can only increase your communication-efficiency.
- **The leisure:** choosing a nice and welcoming environment can only measurably increase the responsiveness of your interlocutors.
- The personalized branding of the park: decorating the park during your event is strengthening your brands visual identity.
- **The location:** a central position in Belgium and easily accessible thanks to the proximity of the ring road
- The **parking:** Two steps away from the Palaces of Exhibitions of Brussels, its imposing infrastructure of parking spaces allows easy parking facilities.
