Fascinating

Have fun whilst learning

Did you know?
Unrivalled quality of artistry!

The park exhibits more than 350 monuments and animations which were selected for their architectural quality and their European symbolism. They are reproduced to the finest detail. The Cathedral of Santiago de Compostela alone required 24.000 hours of work. Many statues of the Grand-Place of Brussels are painted with real gold leaves. In the Seville arena, 6.000 figurines were placed, one by one, to attend the bullfight. The Big Ben is 4 meters tall. At 13 meters, the Eiffel Tower is taller than a 3-storey building. Yet, all the buildings are on a scale of 1/25.

Tailor made!

An optional personalised guided tour. You can book a personalised visit with a professional guide, who will tailor the approach of the visit and the commentary according to your interests or those of your children. Booking required.

Indoor space. Located at the end of the park, 'Spirit of Europe' welcomes you into a large indoor space where animated scenes, games and quizzes will give you the chance to test, enrich or perfect your knowledge of the member states of the European Union.

Behind the captivating universe of the miniature monuments, the dramatization and live action animations, relive **our surprising common history with its values and heritage!** From the origins of democracy to the enterprising spirit, from our Greek, Roman or Viking heritage to the political transformations of the 21st century, you will find commentary at every stage of the journey in the free catalogue that is teeming with information and anecdotes that will delight all children, inquisitives and history fanatics(*)).

Complete your day with other activities!
